

No Kings Day

This year citizens took to the streets to demonstrate against the current administration with a No Kings Day (twice, but these are the times we live in.) What about next year? We will certainly have more No Kings Days, and in addition we could have:

No Bullying Day

No Personal Insults Instead Of Debate Day

No Sycophants Day

No Meathead Leader Day

No Killing Drug Runners Day

No Shooting Live Artillery Over Freeways Day

No Government Shutdown Day

No Abusive Rich Latches Day

and what might draw the biggest demonstrations:

I'm Embarrassed Who Leads Us Day

I add every day can be Cheeseburger Day.
